## Work Experience

### Couchsurfing

Product Designer, Sep. 2018 - Sep. 2019

- Owned design for a responsive website with ~2 million monthly active users
- Worked with developers to create, review, and execute projects
- Designed iterative experiments promoting growth, activation, and engagement
- Communicated with remote teams using industry tools
- Led user testing initiatives, feeding data-driven design

### Financial Technology Partners

Product Designer/Developer, Jan. 2018 - Sep. 2019

- Worked on an internal web app as a UX-team-of-one
- Conducted research through stakeholder interviews, prototyping, and analytics
- Developed scalable data solutions on top of Salesforce using Angular.js

### Accomplice

Prototype Developer (Contract), Oct. 2017 - Jan. 2018

- Built high-fidelity prototypes for user testing with Framer.js
- Worked directly with the client and won a large contract

### The University of Georgia Mobile App

Product Designer, May - Aug. 2017

- Improved discoverability of key features for our 23,000 monthly active users
- Built prototypes and conducted user research to identify problems and solutions
- Integrated iOS/Android design guidelines into both of our native apps

### Apple

Technical Advisor, Sep. 2014 - May 2015

- Exercised empathy for a variety of users
- Identified issues while researching solutions
