Work Experience

Product Designer

Couchsurfing, Sep 2018 - Sep 2019

- Led design for a responsive website with over 25 million users
- Worked with developers to create, QA, and deploy projects
- Designed and ran iterative, action-oriented experiments
- Facilitated a company-wide five day design sprint
- Collaborated daily with cross-functional remote teams
- Boosted efficiency; integrating component-driven atomic design
- Increased user acquisition on the home page by 21%

Product Designer & Web Developer

Financial Technology Partners, Jan 2018 - Sep 2018

- Worked on an internal web app as a UX-team-of-one
- Conducted research through stakeholder interviews, prototyping, and analytics
- Developed scalable UI over Salesforce using HTML/CSS/Angular
- Grew platform adoption 4x by focusing on the user

Prototype Developer (Contract)

Accomplice, Oct 2017 - Jan 2018

- Built high-fidelity prototypes for user testing with Framer.js
- Worked directly with clients and won a large contract

Product Designer

The University of Georgia Mobile App, May - Aug 2017

- Improved discoverability of key features for 23,000 active users
- Built prototypes and conducted user research to identify problems and solutions
- Integrated iOS/Android design guidelines into both native apps

Game Designer & Project Manager

TooTall Studios, December 2016 - July 2017

- Storyboarded levels and interactions for a VR adventure game
- Managed an agile 5-person team of artists and developers

Computer Science Instructor

FourAthens, June 2016 - July 2017

- Designed engineering curriculum for summer courses
- Led classes while exuding empathy and patience
